New PBM: Prime Therapeutics

As announced, Prime Therapeutics will become the Plan's new pharmacy benefit manager (PBM) effective January 1, 2016. We are working closely with Prime and Catamaran to ensure a smooth transition of these services, and are excited about the enhancements and opportunities this change brings. In the coming weeks, we plan to add a new "Prime" section on our *Know Your Benefits* home page to help participants through this PBM transition with information and resources on how to best access their prescription drug benefits.
